

Fondazione Bracco bursary support for music school (Scuola Musicale dell'Associazione Jubilate)

For the academic year 2020-2021, Fondazione Bracco Foundation is supporting Scuola Musicale dell'Associazione Jubilate by offering bursaries for classical music students.

The school was founded by Associazione Musicale Jubilate in the town of Legnano in 1994 as an academy for the instruction of aspiring young musicians.

With more than 15 individual and collective courses teaching different instruments and singing to students of all ages and capacities, the school favours a group-based approach and, consequently, gives pride of place to musical ensembles.

As part of its commitment to nurturing talent through education, Fondazione Bracco supports the activities of the school by offering bursaries to young musicians.
